

Delivery of donations to the Lycée de Biyem-assi

On October 17, 2016 at 7:00 a.m., the solemn moment had come for the group of high school alumni de Biyem-Assi, to reward their cadets as has been the practice for four years.

"Excellence is the key word that presides over destiny": this is the *leitmotif* of the Elders of the High School Biyem-Assi who want, for the 4th consecutive year, encourage and reward merit through the presentation of prizes to the majors of all the classes of the establishment, such than established by annual reviews.

It is around 7:15 am in Yaoundé; while all the high school students have just started singing the national anthem during the raising of the colors on Monday morning, 47 students of the first and second cycle will be called in turn under the eyes of their parents who have come to celebrate the excellence with their offspring, and in the presence of Mr. André Fouda, Principal of the school, and members of his team who took care of the organization of this solemn ceremony.

If the students of the 6th class received grants in kind amounting to 7,500 FCFA each, those of the following classes were entitled to money orders to be withdrawn at all counters Express Union. The distribution was made as follows: a mandate of 8,000 FCFA for students from 5th, 4th and 3rd for those 2nd mandate of 8500 FCFA and a mandate 9000 FCFA for those of Première.

It should be noted that the scholarships received this year concern students who occupied the first place in each class during the 2015-2016 academic year. They are proud parents and students delighted to see their efforts rewarded who will join their classrooms.

Mr. André Fouda thanks the various donors.
